FastSpring Bank Details

While FastSpring will accept bank transfers, wire instructions and bank account information is customized for each buyer to minimize currency exchange and wire handling costs. Placing an online order and selecting Wire Transfer, or asking for creation of a custom order, will allow you to receive an invoice with accurate banking information. If it is not possible to create an order prior to Vendor setup, we can help. Please note that you should **NEVER** send a wire payment prior to creating an order.

Please let me know if I may be of further assistance.
